

DISCOUNTED FEB/MAR 2010

ARIZONA MTN. LION HUNT!!!!

Our High-Success Southwestern U.S. outfitter team has come up with a reduced priced “cabin fever buster” Mountain Lion hunt when we need it the most! Let’s face it, if you don’t bowl, ice fish or crochet, what’s left to wind down with in February and March? We think that these guys have come up with the solution to 1st quarter doldrums! Come on-n-n down to Northern Arizona’s famous Kaibab Plateau, the wintering range for thousands of Mule Deer and hunt their most feared predator, America’s native lion! You’ll be hunting these Big Cats on relatively flat land in shallow snow and NOT in the conditions you would expect in the steep valleys of Idaho with waist deep snow! This team of dedicated houndsmen would like to make you, and your hunting partner, a deal you can’t refuse! They will give you a 2 (guides) x 2 (hunters) x 2 (packs of hounds) Five(5) Day Mtn Lion Hunt for \$2995 per hunter which equates to \$5990 for the TWO OF YOU! This is a savings of \$1000 each which will probably pay for your air-fare to Las Vegas and your hunting license! If you can’t find anyone to join you, the deal ain’t dead! Will do a 1X1 hunt for \$3250! You get 5 Full days of guided hunting behind hounds, transport during the hunt, motel lodging, meals and trophy prep included in the hunt fee! All you have to do is show up in Kanab, Utah, a day before your hunt is scheduled to begin! You can either drive to Kanab or fly to Las Vegas, rent a vehicle, and drive a couple of hours to your accommodations where the outfitter will “meet and greet”! Now for a little arm twist, all of our 2009/2010 clients have been successful on lions, with these outfitters! Please give us a call and we’ll get you in direct contact with the outfitter !
